

July 25, 2018
District Meeting
Blue Jays Bar & Grill, Moody County, SD

Counties present were Minnehaha, Miner, Brookings, Kingsbury, Lake, McCook, Moody, and Dept. of Revenue field person Russ Hanson.

OHE discussion was held, Minnehaha mentioned that they will be going to OHE this year.

The Ag Land Task Force meeting held on July 10th was discussed. The timeline at earliest to implement new table 1's would be next year if all looks okay. It may be 2020 payable 2021 before we will have the new tables implemented. DOR will look to test table 1's with a few counties to see what the new tables do to their values.

There will be an Ag Production Workshop at the end of August. Topics include converting bushels to lbs, legal descriptions, table 1's, and what documentation is needed when adjusting ag land. Russ will send an email out for attendees to sign up for this workshop.

SDAAO School will be held in Spearfish this year. Classes will be Basics, Commercial Class, Sales Ratio/Statistics, IAAO 101, and IAAO 400.

Our next meeting will be held October 17th, in Brookings County.

Jacob, from Brookings County made the motion to adjourn the meeting, motion seconded by Russ, from DOR and meeting adjourned.

Respectfully Submitted by:

Tami Severson
Director of Equalization
Miner County
